

CM² (CLEAR MATE MOBILE)

PURIFY DOCK WATER SOURCES ON THE GO

PORTABLE ULTRA PURE WATER

The Blue Water CM² mobile series is a compact, portable reverse-osmosis filtration system that turns dock water into ultra pure spot-free water. Designed for ease of use at docks around the world, the CM² offers a simple, mobile solution for keeping your yacht in bristol condition.

- Spot-free rinse water
- Mechanical flow meter tracks processed water
- High rejection membranes for up to 99% rejection of total dissolved solids
- Automatic operation
- Wheels & handles for easy moving
- NMEA 4X waterproof & flame retardant enclosure

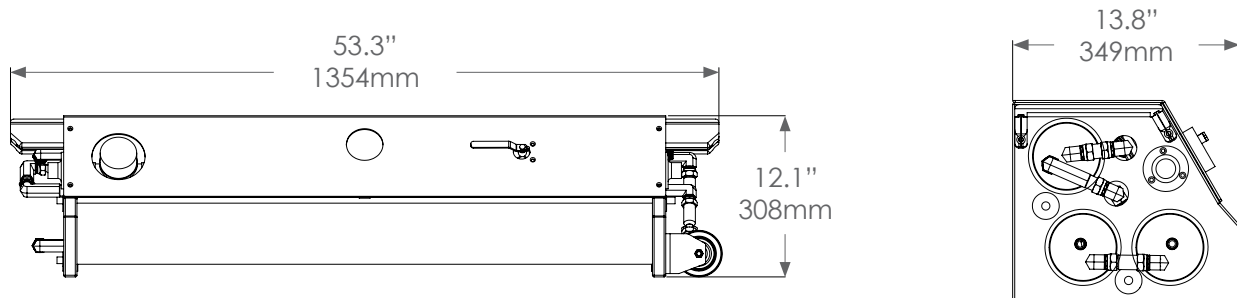

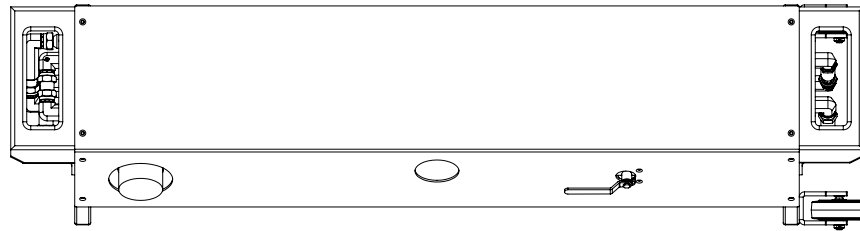

PURE WATER. ANYTIME, ANYWHERE
